

WHY SHOULD YOU CONSIDER

10-Year, 15-Year or 20-Year Level Term Life?

Guaranteed Premiums. The American College of Surgeons offers members three Level Term Life Insurance plans with premiums guaranteed not to increase for the initial 10, 15, or 20 Year period. Coverage never reduces due to age, and is guaranteed renewable up to age 85 (depending on the plan you choose).

After the initial guaranteed term, coverage automatically renews without evidence of insurability as follows:

- 10-Year Term insureds under age 65 will automatically renew at our 10-Year Level Term Life Renewal Rates which are higher than the initial term rates, based on your then attained age and guaranteed not to increase for another 10 full years.
- All others (including those hitting the end of the 10-Year Term Renewal Rates) will automatically renew at our non-guaranteed renewal rates which are based on your then attained age and increase annually thereafter.

You also have the option to apply for a new 10-, 15- or 20-Year Term certificate of guaranteed level rates (based on your then attained age) provided you are under age 65 and meet all eligibility criteria. Submission of satisfactory medical evidence will be required. Rates will be based on your attained age, health and smoking status.

Members And Spouses Are Both Eligible. All ACS members under age 65 who reside in the 50 United States, District of Columbia and Puerto Rico may apply for coverage. You can apply for coverage for your lawful spouse under age 65 and your unmarried dependent children from birth to age 25 provided that you are applying or currently enrolled.

NOTE: The 15YT is currently not available in FL, NC, TX, VT and WA pending Department of Insurance approval. Please contact the plan administrator at 1-800-433-1672 for updates and to advise you are interested so they may contact you when it becomes available in your state.

Fits Your Growing Needs. You may choose any benefit amount from \$100,000 to \$4,000,000 in \$50,000 increments. Your spouse may have a benefit amount in \$25,000 (minimum of \$100,000) increments up to \$2,000,000, not to exceed the member's amount. Each child may be insured for \$10,000 (from live birth to 15 days of age, the benefit is limited to \$100).

The total maximum amount of life insurance in force for all ACS Life Insurance Plans offered by New York Life may not exceed \$4,000,000 for members and \$2,000,000 for spouses. Children may only be covered under one plan.

Underwriting Requirements. All applicants must meet the New York Life underwriting requirements (satisfactory evidence of good health) to qualify. Neither the College nor the Insurance Trust participates in decisions concerning insurability of applicants. The Administrator follows the Insurance Company's medical underwriting guidelines to evaluate enrollment forms. Thus, all final decisions regarding insurability are the sole responsibility of the Insurance Company.

Coverage Effective Date. Coverage is effective on the first of the month on or following the day your application is approved, provided the premium is paid when due and the insured is performing the normal activities* of a person in good health of like age on such effective date.

**Residents of NC, Normal Activities is replaced by the requirement that the health status of the proposed insured remain the same as stated on your application.*

Accelerated Death Benefit. To help your family cope with the financial hardship of a terminal illness, as a member you can request one advance payment equal to 50% of your (or a dependent's) in-force life insurance, up to \$500,000, to be paid while you are still alive. (Of course, the amount of insurance payable after an insured's death will be reduced by any payment made under this benefit. Premiums do not reduce.)

This money can be used to help cover high prescription drug costs, medical bills, outstanding debts, to help pay for experimental treatments, the cost of modifications to your home, or a family vacation.

To qualify, a terminally ill insured must be under age 69 and provide the insurance company with proof of terminal illness and anticipated life expectancy (24 months or less) as well as any other medically necessary information requested. For additional details and limitations, please see the Certificate of Insurance.

Please note that receipt of accelerated death benefits may affect your eligibility for public assistance programs and may be taxable. Prior to applying to receive such benefits, you should consult the appropriate social services agency and seek the advice of tax counsel. *This benefit is not available to residents of Massachusetts.*

Name Any Beneficiary. You may select any person, persons, trust or other legal entity as your beneficiary. If at the time of your death there is no surviving beneficiary, benefits will be paid to the executor or administrator of your estate, or at the option of New York Life, to the surviving relative(s) in the following order of survival: spouse; children equally; parents equally; or brothers and sisters equally. You are the automatic beneficiary for dependent insurance as described in the Certificate of Insurance. If you wish to name a different beneficiary for spouse coverage, contact the Administrator.

Continuing Coverage. Your Group Level Term Life protection will continue until you reach age 75 (10-Year Term), age 80 (15-Year Term) or age 85 (20-Year Term) as long as you remain an ACS Member, your premiums are paid and the Group Policy is not terminated or changed by the policyholder to end insurance for the group which the covered person belongs. Insurance for your dependents will continue as long as your *(continued on next page)*

(continued from previous page) insurance remains in force (other than by reason of your death), premiums are paid, they do not become insured as members, your spouse remains your lawful spouse, and children are under age 25 and remain unmarried. Coverage on your dependents can continue if you die as described in the Certificate of Insurance issued to all insured members.

Conversion Option. If your coverage involuntarily ends, it may be exchanged for an equal amount of individual whole life insurance, without any evidence of insurability required. This option must be exercised within 31 days. Complete details will be described in your Certificate of Insurance.

Policy Limitations. After two years from the effective date, your coverage is incontestable, except for provisions related to eligibility and nonpayment of premium contributions. Suicide is not covered for the first two years (subject to state law). The benefit for war-related death while on full-time active duty in the military, naval or air service of any country, except duty for training purposes of two months or less, is payable in the amount of insurance in force on the date of death, up to a maximum of \$250,000, less any amount paid under the Accelerated Death Benefit.

Right to change Benefits and Rates. After the initial 10, 15 or 20 years, New York Life Insurance Company reserves the right to change rates on any premium due date and on any date on which benefits are changed, however this may only be done on a class-wide basis. (For example, a class of insureds is a group of people with all the same issue age and gender.) Benefit option amounts are subject to change by agreement between New York Life Insurance Company and the Trustees of the ACS Insurance Trust.

Affordable Costs. (Member and Spouse rates are provided on a separate sheet.) The cost of this level term life insurance is based upon the Term of Guaranteed Rates, your gender, your spouse's gender if applicable, amount of insurance requested, usage of tobacco/nicotine products, health status, and attained age on the date coverage is issued. Once approved, rates are guaranteed not to increase for the initial term of guaranteed rates.

Rate Categories. Super Preferred Non-Smoker, Preferred Non-Smoker, and Non-Smoker rate categories apply to applicants who are non-tobacco/nicotine users and can meet stricter underwriting standards.

Preferred Smoker rates apply to tobacco/nicotine users who otherwise meet stricter underwriting standards. Smoker rates apply to tobacco/nicotine users with higher risk factors than those in the Preferred Smoker classification.

Upon approval of your application, you will be notified of the rate classification for each approved person.

Children's Rate. A single rate of \$12.00 annually covers all children, regardless of the number.

Volume Discounts. If you request \$250,000 in coverage, you'll receive a discount in rates. Additional discounts are applied beginning at coverage amounts of \$500,000 and again at \$1,000,000. The more you request, the greater the discount. These volume discounts can have a significant impact on reducing your insurance costs.
